Activities of the Commission

Meetings

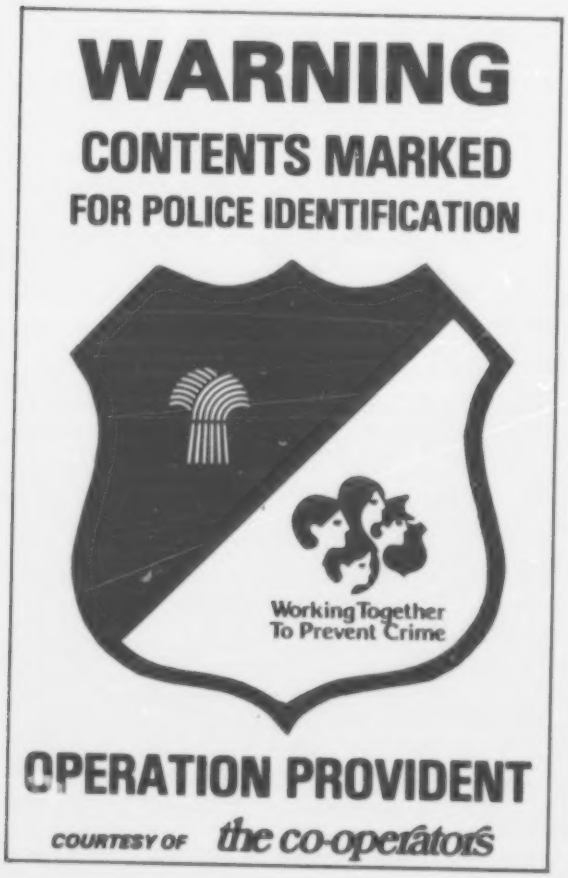
The Commission held six (6) regular meetings during the year to deal with normal business.

A Training Committee Meeting was held on April 26th, 1986, following the graduation of recruit class number 22.

On December 11th, 1986 a special Training Review Committee met for the purpose of an in-depth review of police training, the operation of the Saskatchewan Police College, and attempt to assess future training needs.

Seminars — Boards of Police Commissioners

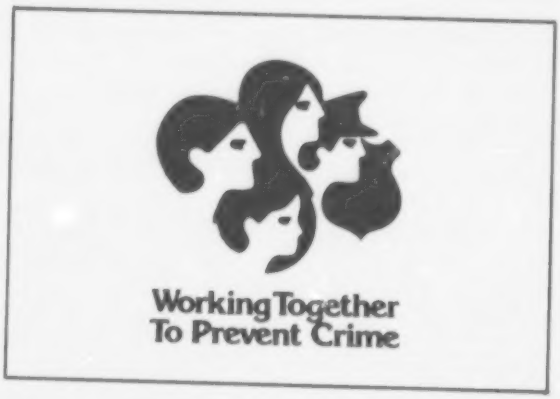
Two Seminars were held to review The Police Act and Regulations with Municipal Boards. A meeting was held at Saskatoon, Saskatchewan on June 18th, 1986 for officials from the north half of the Province. A meeting was held at Moose Jaw, Saskatchewan on October 24th, 1986 to accommodate Boards from the south half of the province. These meetings have been found to be useful as a means of briefing new Board members, and for the Commission to hear concerns and address problems.



Visits

The Executive Director and the Investigator continue to make regular visits to Departments around the province to ensure two-way communication between Boards, the police community and the Commission.

Crime Prevention



The Commission continues to co-ordinate the initiatives between the Municipal Police Departments, the Royal Canadian Mounted Police, the Federal Solicitor General's Consultation Centre, the Department of Justice and other agencies, corporations and clubs.

Crime Prevention Co-ordinators with the police departments in the province are as follows as of March 31st, 1987:

Regina — Sergeant Hank Lamer
Saskatoon — Sergeant John McDonald
Prince Albert — Corporal Norm Bergen
Moose Jaw — Constable Doug Measner
Estevan — Deputy Chief Bob Campbell
Weyburn — Sergeant Mike Rogal
RCMP — Sergeant Murray Carpenter

The Committee continues to meet on a semi-annual basis at different cities throughout the province to evaluate and assess programs, share ideas and material and consider new initiatives. Neighbourhood Watch has increased as a special program to attempt to deal with the increases in breaking, entering and thefts from homes.

The Federal Solicitor General's Consultation Centre (Prairies) at Saskatoon, Saskatchewan, has compiled an inventory of all crime prevention programs in the province. This is a comprehensive and useful document in that it itemizes and describes active programs throughout the province.

Crime Stoppers Programs

This program continues to operate in the Cities of Regina, Moose Jaw and Prince Albert, and although not directly involved in the administration of the programs the police support such programs and view them as an investigative aid in solving crimes and identifying perpetrators. The City of Saskatoon commenced a Crime Stopper Program on January 1st, 1986 and the Royal Canadian Mounted Police are evaluating the involvement on a province wide basis.

Public Complaints

The following complaints were received in 1986 by the Commission office. The complaints were against Municipal Police officers and members of the Royal Canadian Mounted Police:

Municipal Police	RCMP
1985-32	1985-3
1986-51	1986-4

The Commission Investigator, Mr. T. E. Andrew, investigated the 51 complaints against Municipal Police personnel, and the disposition of these complaints is as follows:

* With respect to the "Substantiated" complaints, discipline was administered under the Municipal Police Discipline Regulations.

Ombudsman's Review of Complaints

The Ombudsman's office did not have occasion to review any complaints investigated by the Commission Investigator during 1986.

Canadian Association of Chiefs of Police

The Executive Director is an associate member of the above Association and he attended the 81st Annual Conference in Winnipeg, Manitoba during the period August 24th to 28th, 1986, and participated as a committee member. Many useful panels and seminars were attended.

National Operational Research Committee

Chief Joe Penkala of Saskatoon Police Department and the Executive Director continue to represent the Saskatchewan police community on this joint committee of resource people from the Canadian Association of Chiefs of Police and the National Research Council. A meeting of this committee was attended at Winnipeg, Manitoba on August 25th, 1986. This active Committee continues to surface and priorize the scientific problems and needs of the total national police community.

The Commission acts in a co-ordinating role between Departments and the national College in the allocation of spaces for courses and the attendance of various officers. In 1986 candidates from the following Departments attended the Canadian Police College:

Police Force	No. of Candidates
Regina	41
Saskatoon	23
Moose Jaw	7
Prince Albert	4
Estevan	2
Weyburn	1

Eleventh Annual Symposium of Provincial Police Commissions

The 1986 Symposium was hosted by the British Columbia Police Commission, and chaired by Dr. Malcolm A. Matheson at Victoria, British Columbia from September 23rd to 26th, 1986. The Saskatchewan Commission was represented by Vice-Chairman Samuel Goldstein, Cora Thomson, Member and Bob Mills the Executive Director.

Legislative Review

During 1986 the Recruiting Regulations, the Training Regulations and the Equipment Regulations were completely reviewed. The Recruiting and Training Regulations were completed and the amended Regulations were published in the Saskatchewan Gazette. It is expected that the Equipment Regulations will be finalized shortly.

There is a need for a review of The Police Act and Discipline Regulations and this Commission will endeavour to have a review committee organized under the Minister of Justice for this task.

Commission Appeals

One appeal to the Commission has been in abeyance since November 1985 as appeals were underway in the Saskatchewan Court of Appeal and the Supreme Court of Canada.

Another appeal from termination of service under Section 36 was disposed of in June 1986, under Section 16 of the Act. This appeal was heard by Vice-Chairman Samuel Goldstein, sitting alone, and in his decision he upheld the previous decision of the municipal Board of Police Commissioners and terminated the service of the member.

Public Inquiries by Commission

The Commission held a public inquiry at Saskatoon, Saskatchewan during the period April 1st to 4th, 1986. The inquiry was in response to a resolution by the Saskatoon Board of Police Commissioners, which was in part, "to inquire into all of the circumstances pertaining to the incident in Saskatoon on June 10th, 1985, during which a shotgun discharged in the hands of a Saskatoon police officer and injured Barry Braun".

In its conclusion the Commission concurred with the Chief of Police and the Board in deciding that no disciplinary action should be taken, and agreed with the decision of the Department of Justice that no criminal charges should result.

The following recommendeations were made following this inquiry, and have been implemented:

(a) that the Saskatchewan Police College and Police Departments maintain the safety button in the "on" position at all times, during training and when on duty, and should only be moved to the "off" position when there is a need to fire the weapon;

(b) that the Firearms Training Manual be reviewed and updated to include common terminology, understood by all; further, that safety measures be re-examined and stressed, and that there be a requirement for regular weapons maintenance programs;

(c) that there be liaison between the Saskatchewan Police College and Municipal Departments to ensure uniformity of training and handling of firearms; and

(d) that when the police have an area blocked off for the protection of the public, and to enable the police to more efficiently perform their duties, the public should not be permitted to re-enter the area until it has been determined that all weapons have been placed in a "safe" condition, and, where applicable, with safety buttons "on" and shells or cartridges removed from the firing chamber.

Commendations by the Saskatchewan Police Commission

In 1982 the Commission initiated a Certificate of Commendation, which was approved by the Minister of Justice. The certificate may be awarded to a police officer who has made a significant contribution to law enforcement, or to recognize civilians who have rendered a significant service to the police.

The following Certificates of Commendation were awarded by the Commission during the year:

On May 12th, 1986 Vice-Chairman Samuel Goldstein, Q.C., made presentations of certificates at Young, Saskatchewan to students Sheryl Anne Harrow, Lesley Renee Jouan, and Scot Warren Speiser. On August 28th, 1986 Investigator Ted Andrew presented a Certificate of Commendation to student Robin Barry Holma at Weyburn, Saskatchewan.

These four students observed a breaking and entering in progress at the Co-op Store in Young, Saskatchewan during the evening of September 4th, 1985. They observed the culprits actions, alerted the owner and provided sufficient information that resulted in the arrest of four suspects and the recovery of stolen property.

Saskatchewan Police College

Police Training

The Saskatchewan Police College, with offices and classrooms located at the University of Regina by virtue of The Police Act is under the authority and control of the Saskatchewan Police Commission.

The principle objective of the College is to provide training for all municipal police departments in the province.

Courses are offered for all levels of personnel, from recruit to management and offered regularly on a semi-annual basis for recruits, junior constables, senior constables, effective presentations and introduction to management, and on an annual basis for arson investigation. Other courses and seminars are offered as funding permits.

The year 1986-87, although restricted because of a lack of funding was a relatively productive year, notwithstanding the fact that several adjustments were made in the course calendar for both in-service and recruit training. The fall recruit class was cancelled because of a lack of candidates, followed by a doubling up of recruit training in the January to April semester.

A total of 374 candidates were trained in the year.

Most of the courses were held at the College, however, courses were offered in other locations as the availability of space or the interest in efficiency and effectiveness dictated.

Development of films for use with the interactive video training was limited because of funding, however three videos were produced on the topic of Powers of Arrest.

Training Funding

During the past two years the training expenditure has exceeded funds budgeted by a considerable margin. The problem is magnified as training demands increase and budgets decrease.

Training priorities are in place and a reduction in training classes is taking place. The Commission is faced with attempting to meet the legal requirements and having no control of the number of recruits and other officers that require training.
